HIGHLANDS C. OF C. QUESTIONS HIGHWAY RENUMBERING

The Haliburton Highlands Chamber of Commerce at a recent executive meeting decided to write to the Ontario highways minister to find out the reasons for the re-allocation of highway numbers in relation to Highway 500 to 503 and 648 and make a strong recommendation that Highway 503 continue through Wilberforce, Harcourt, Highland Grove and Dyno Mines to Highway 28. The chamber have postponed the printing of new tourist maps because of the changes of highway numbers in the east portion of the county by the Ontario Highways Department.

TARTAN SALES

Secretary-Manager Norman Craig told the meeting tartan sales to the end of December were \$2,201.49. Mr. Craig said requests had been received from a number of manufacturers of clothing, hats and china for use of the tartan design. A request from Canadian Art China of Collingwood for use of the tartan on souvenirs was discussed and it was agreed the company should be asked if they can provide similar souvenirs on bone china rather than semi-porcelain.

CENTENNIAL GRANTS

The executive committee instructed the secretary to contact the warden of Haliburton county to arrange a suitable time for a delegation to attend county council with regard to centennial grants. It was suggested that Department of Travel and Publicity representative Don Goodwin of Huntsville should be present at the time to explain more fully centennial grant rules.

FISHING DATES

The executive committee decided to write to the minister suggesting the opening dates of muskie and bass fishing be set ahead to June 27th to the Saturday preceding.

FIRE CHIEF PRESENTS WAGE SCHEDULE TO COUNCIL

At a council meeting held in January 15th in the Registry Building the fire chief presented a new wage schedule to the Minden council and outlined a program to make the Minden Volunteer Fire Department more efficient. Fire Chief Deacon told council that the fire engine had been overhauled and is back in operation again. The wage schedule would raise the hourly wage from \$1.50 per hour to \$2.00 an hour except for the first hour when the men that answer the fire call will receive \$5.00 for that hour.

The fire chief asked for a raise to \$200.00 a year plus the hourly wage and the deputy chief an increase to \$150.00 a year plus the hourly wage. Fire Chief Deacon said the service could be bettered if men were on standby and recommended that two men remain standby on weekends from Saturday at 6:00 p.m. until Sunday midnight for a fee of \$5.00. Eldon Deacon said that practices were being held every two weeks instead of the usual once-a-month meetings. Councillor Reg. Booth asked, "Will this build a fire department to be proud of? If the new rates would help then we should have it," he said.

Reeve Pritchard agreed: "Money doesn't matter if we have a good department, it won't cost each ratepayer very much."

When Councillor Booth remarked, "What ever happened to the feeling that to volunteer for the department was for the good of the community?" Chief Deacon replied, "That left after the criticism we took following the Christmas Eve fire." Council agreed to think over the new rate and present their decision at a future meeting.

LIQUOR VOTE DEFEATED

Anson, Hindon and Minden townships lost out on the liquor vote for dining lounge licenses and lounge licenses by a very narrow margin — the "yes" vote was in the majority but didn't reach the necessary 60% required by law. It will be three years before the question can be brought up for a vote again under present regulations.

In the townships of Anson, Hindon and Minden, the village of Minden voted "yes" by a small majority. The votes for the licenses there totalled 61.605%. Overall vote figures were as follows: Dining lounge licenses: "Yes" 56.67%; "No" 43.33%. Lounge licenses: "Yes" 55.72%, "No" 44.28%.

NEW POLICEMAN

The strength of the Minden provincial police staff was increased by one this week with the arrival of Constable D. C. Heath of Belleville.

Const. Heath, age 24, and married, comes to the detachment as a probation constable directly from the Toronto OPP College.

THE WEATHER

With Phil Graham

Weather for first 20 days of January.

January to date has been quite changeable. Average normal temperatures for the first week or ten days. Very cold 10th to 15th, then quite mild 15th to 20th.

Coldest, 28 below Jan. 12; warmest, 40 above Jan. 9; average high 27.8, average low .07, average 14.2; snowfall 12½ inches, rainfall .93"; total precipitation 2.18 inches, snow on ground Jan. 20, 7 inches; snow on ground Jan. 20, 1963, 16 inches.

SNOW REPORT

Haliburton — 12" on ground and cottage roofs. Minden — 12" on ground and cottage roofs. Gooderham — 10" on ground.

NEED ADVICE - Reeve

"TOO MANY BRAINS ON COUNCIL" — PRITCHARD

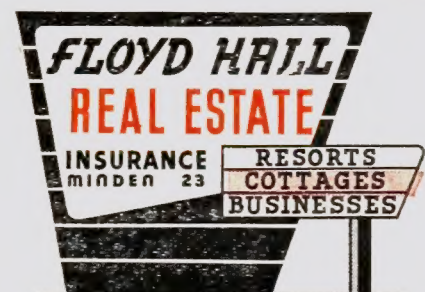

At a Minden Waterworks Board meeting held recently Chairman L. A. Pritchard charged: "We've got too many brains on council. We need to take advice from some authority." Heated statements were thrown back and forth when the newly created Waterworks Board attempted to figure out a rate to charge for water from the new Minden Waterworks System. The Board agreed on a \$5.25 hookup charge and a charge of 21 cents a foot, but when the board discussed the difference in a monthly charge between residential and commercial buildings, the fireworks started.

"Why should I set up something? I always meet opposition. If I ask a question, the only thing you say is let's get some advice," Councillor J. O. Jackson answered. Chairman Pritchard said, "You may have a good plan but I still think we need advice."

"The board decided to write to Fenelon Falls Water Works Board and ask them to outline their rate structure for commercial buildings."

GRANT FOR

BOBCAYGEON PARK

R. Glen Hodgson, M.P.P. for Victoria, announces the approval of a provincial grant of \$8,000 to the village of Bobcaygeon for further development within their approved park.

Bobcaygeon Approved Park is located within the westerly limits of the village of Bobcaygeon on the south shore of Sturgeon Lake just above Lock No. 32 on the Trent Canal. It comprises some eight acres of land and was established as an "Approved Park" in 1962.

The municipality now proposes to construct a Beach Building which will include a washroom, change rooms and a concession booth and also provide water supply, sewage and hydro facilities, improve the beach area, grade and seed grassed areas, construct service roads and parking areas and fence the park area.

This grant is made available under the Parks Assistance Act and the municipality will contribute an amount equal to the grant.

RED CROSS LONG SERVICE

AWARDS MADE

Three members of the Minden Red Cross Society were presented with awards marking their long service to the Red Cross at the annual meeting in Minden on Friday.

Over 40 members of the Red Cross association watched the presentation by retiring president Frank Waters to Donal Berry, Grace Coburn and J. Earl Hewitt.

The 1964 executive of the Red Cross is as follows: President J. Earl Hewitt, vice-president Kenneth Banton, secretary Mrs. Muriel Brooks, treasurer, Mrs. Molly Locke.

ROTARY NEWS

Norman Craig, secretary-manager of the Highlands of Haliburton Chamber of Commerce was guest speaker at the January 20th Minden Rotary Club meeting. Mr. Craig gave a detailed account of the beginning of the distinctive tartan of the Chamber of Commerce and he remarked that in the few months the tartan has been on sale it has provided excellent advertising for Haliburton County. Questions asked about the tartan were answered at the end of the meeting. Mr. Craig was introduced by Don Finn and was thanked by Harold Morgan. President Fred Griffiths chaired the meeting.

A MIGHTY MEAT PIE!

How about this for supper? One meat pie — weighing six tons, measuring 18' long by 6' wide by 18" deep, containing the meat from five steers, and large enough to feed 20,000 people. Preparations for this monstrous concoction are being made in the little Yorkshire village of Denby Dale in England.

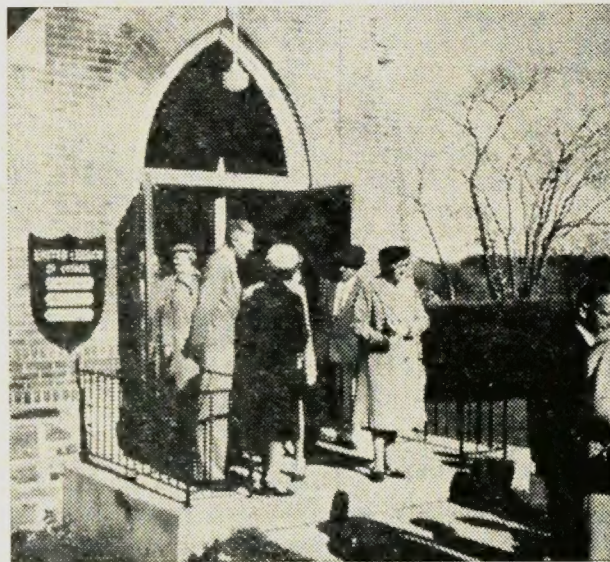

Organizers haven't yet figured out what the pie will celebrate. They just thought it was a good idea to have one, according to a report in the Winnipeg Free Press Weekly. All the flour, lard, spices, and gravy browning for the pie have been offered free of charge. Local villagers hope it will be the biggest meat pie of all time. It should be.

MINOR HOCKEY - With BILL PAYNE

On January 18th sixty boys from Minden invaded Gravenhurst for a full day of exhibition hockey. Although the scores for the Squirts, Peewee and Bantam games were top heavy for Gravenhurst, the boys put up quite a battle.

The Squirts were beaten 5-0 but if the enthusiasm shown by the youngsters keeps up they soon will be swinging the goal, (or was it knees down) while John Welch took on some tallies in their favour. Warren Payne played heads up in the of the big ones from the home team. Steven Mackenzie was roaring out there but could not get the puck for any length of time to enable him to score. Eddie Shack (Lee Bull) watched the game from the Gravenhurst side of the blue line but managed to put on a spurt every once in a while. But all in all the boys put up a tremendous battle against a team who had had a number of games and practices prior to our visit.

The PeeWees were stomped 7-0, but again it was a matter of no ice time for our boys while Gravenhurst had been going since December. There is great potential among the boys of this age group and a little more ice time should prove this out.

The Bantams were walloped 12-0 by a more aggressive group of boys than our own. The score would not have been so great if our boys had wanted to win. They certainly have been taught well by their coach Ralph Hussey, and although they have not had the amount of ice time that their opponents have had, they have been together long enough and know enough about the game to put on a better show than and I feel they will not look too kindly towards the Gravenhurst team when they pay us a return visit in February.

The Midget-Juvenile game was very well played with our boys coming up with a 3-2 victory over the Gravenhurst counterparts.

Minden went ahead in the first period and never looked back. We saw some fine hockey being played and to say our boys were aggressive would be mild on one or two occasions. However, our boys were not standing idly by while some excited youngsters from Gravenhurst were trying to win by means other than hockey sticks. All in all it was a good game to watch.

We understand that one of the referees was color blind. It seems that Minden were having trouble getting out of their end with a man short and after a few minutes of struggling for the puck they managed to get it down to the other end. The colour blind referee called them for icing. After the cat calls and other names common to referees had ceased the referee stated: "I took a quick look in the penalty box and thought I saw a Red sweater."

We were treated very well at Gravenhurst and they served lunch at the Legion for everyone. Our many thanks to the Minor Hockey Association in Gravenhurst and we look

Scouting Corner

with BILL PAYNE

Upon reading the December issue of the Scout Leader I was amused to read a letter from a Cubmaster in Hanley, Sask. For the benefit of Leaders not only in the Scout movement but any organization dealing with youngsters I would like to reprint this letter so the parents may have an insight as to what could take place at a hockey game.

Patience may be a virtue, but as a Cubmaster, Scoutmaster or Coach it is a necessity.

Akela, when does the game start, Akela, will you tighten my skates; Akela, I can't find my shoulder pad; Akela, my brother couldn't come because he slept in; Akela, I lost my hockey stick; Akela, I can't find my shoulder pad; Akela, I can't find my shin pad; Akela, who's going to play goal; Akela, can I play on the first line; Akela, my brother can't come because he slept in; Akela, can I go on the ice now; Akela, can I go on the second line up; Akela, I broke my hockey stick; Akela, Johnny's crying because he broke his hockey stick; Akela, my feet are cold; Akela, they got a good team; Akela, can we put on our power line now; Akela, why have you got Larry on the ice, he can't skate; Akela, my brother couldn't come because he slept in; Akela, is this the last period; Akela, what's the score; Akela, how many more minutes left in the game; Akela, can we stop at a cafe before we go home; Akela, Larry got a goal; Akela, Johnny's still crying because he broke his stick; Akela, my brother couldn't come because he slept in; Akela, do we go home in the same cars; Akela, that

was a good game; Akela, are you going to stop at that cafe; Akela, I have to go to the bathroom; Akela, my brother couldn't come because he slept in.

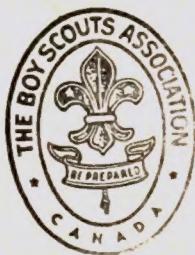

CUBBING

Roger Yearwood, Bill Jackson and Bob Dudman have recently been invested into the pack and are now able to continue with their star work. Keep up the good work fellows and Good Hunting in the Scout movement.

An unfortunate phone call came to me the other day. Paul Prentice was about to "Go Up" to the troop after completing his training in the pack, but unfortunately Paul cannot do so because of an illness he has encountered. Paul has done very well in Cubbing and I know that he would have done equally as well in Scouting, so his loss is our loss as well. Get a lot of rest Paul and come back to us soon, as we will miss you until you do.

The boys are looking forward to a hockey game between Minden and Haliburton packs that will take place in the near future. After taking a trimming on the ball field during the summer weather, they are seeking satisfaction on the ice.

But win, lose or draw, it is always a pleasure to have a social time with our Northern neighbour. See you soon Len.

WATER BOARD MEETS

The first meeting of the newly formed Minden water board met this week for preliminary discussions on rates and regulations for the new water system. Chairman of the board is Reeve Lawrence Pritchard, together with members of Anson, Hindon and Minden council and town clerk Gordon Bibby.

CARELESSNESS COSTS YOUTH LICENCE

Larry LeCraw, 18, of Norland paid a fine of \$50 and costs in Lindsay court following a charge of careless driving and his licence was suspended for three months.

Investigating OPP Constable A. Kea told court the accident which happened January 5th near Norland, resulted in injuries to two Lindsay residents and two passengers in the other car.

ROTARY NEWS

A recent Rotary Club meeting in Minden was well attended with the district governor in attendance. After the banquet and usual sing-song and other routine business District Governor Errol Young of Parry Sound was introduced by President Fred Griffiths. Mr. Young has a perfect attendance record for 27 years and gave the club several interesting and amusing incidents pertaining to his visits to the various Rotary clubs in this district. He was thanked by Rotarian Harry Cowan and was presented with a Haliburton tartan tie by President Fred Griffiths. The annual reports were presented by the various committees and the governor commended the club on its degree of success in all of its activities. —Vinton Loucks

"RIGHT AHEAD"

WITH

NEW COUNCIL OFFICES

Construction is to proceed shortly with the new municipal building, Lawrence Pritchard told the Minden Progress this week. "The municipal board has granted permission as of January 4th," he said, "and the architects, Stanford and Wilson, have been told to go right ahead".

The Minden council are going to build the new offices outside the arena at the back of the main street of the town. At the time of the first announcement of the iste, some opposition was voiced but when a public hearing was proposed, Reeve Pritchard said the council did not receive any formal objections, written or verbal.

The foundations of the new building will be constructed under the Winter Works program and it is hoped the new building, which will include provision for the ambulance and fire truck will be completed by the summer.

Gorsline Construction are the contractors.

WARP and WOOF

WHAT do you do with an Editor who phones and says "How about your column, we're publishing this week-end". Now you had it all settled in your own mind, that the publishing date was the end of the month, and therefore you had still a week before trying to think up something, find some things, to fill up a column. And not only that, the January thaw had returned, the sun was shining, the stores in town filled with sales, and bargains to no end and where are you? At home, that's where, with a great depressing case of flu, "the bug", "la grippe". You've tried the bed rest cure, drank gallons of water, juice, tea, etc. . . . even "etc." didn't have much effect. **THAT MAN** came home with pills, potions and lotions . . . You take the pills, three kinds, drink the potion, and anoint yourself with something that smells like horse linament; and guess who says "You going to sleep in the other bed tonight?" However, you're still breathing; so you must be alive. Put the heating pad on the floor and your feet on it, and don't let your fans, all three of them, down!

PATERNITY —

A member of parliament, noted for his limited intelligence, who had become a prominent politician once amazed parliament with a particularly brilliant speech. As he sat down amid thunderous applause, a lone voice from the Opposition benches cried out: "Author! Author!"

From the Halls of Higher Learning

An autobiography is a book by a racing motorist.

A general practitioner is a man who knows what's wrong with the army.

A man of light and learning is a man who knows how to fix an electric fuse.

Crossing the bar is when a sailor gets up and asks for another pint.

After a man says all he knows in the House of Commons they push him into the Senate.

Teachers give us homework because they are too tired to tell us what our fathers don't know.

Here Are the

Ten Commandments of

Good Human Relations

1—Speak to people. There is nothing as nice as a cheery word of greeting.

2—Smile at people. It takes 72 muscles to frown, only 14 to smile.

3—Call people by name. The sweetest music to anyone's ears is the sound of his own name.

4—Be friendly and helpful. If you would have friends, be friendly.

5—Be cordial. Speak and act as if everything you do were a genuine pleasure.

6—Be genuinely interested in people. You can like everybody if you try.

7—Be generous with praise. Cautious with criticism.

8—Be considerate of the feelings of others. It will be appreciated.

9—Be thoughtful of the opinions of others. There are three sides to controversy: yours, the others fellows—and the right one.

10—Be alert to give service. What counts most in life is what we do for others.

(From the Picton Gazette)

A moern young miss in a plunging neckline asked her doctor what to do about a cold. "The first thing," he said, "is go home, get dressed and go to bed."

When the guest speaker at a luncheon asked the president how long he should speak, the reply was: "Take as long as you like. We all leave at 1:30."

Don't speak ill of the 20th century, we're not halfway through it yet and already had two World Peaces.

As you go along, the earliest things you reach are the bridges you were not going to cross until you came to them.

There's only one man in a million who understands the international situation, and it's odd how we keep running into him.

Here's a jingle quoted by the Ontario Safety League.

Brief Encounter

He tried to drive across the street

While the light was yellow;
He died because he chanced to meet

The self-same sort of fellow.

Extract from

A Motorist's Prayer

"Grant us, O Lord, a devine courtesy to all. Awake in us an abiding care for the slowness of age and the rashness of youth. Let our vehicles become instruments of Thy purpose, bringing happiness to all who travel with us, and leaving no man weeping at our passing."

Cute name for a weekend mariner's boat, "Sailbad the Sinner", and a bachelor's shore bungalow. "Shingle Blessedness".

The policeman stopped a man going down the street clad in a barrel. "Are you a poker player?" he aske. "No", the man replied, "but I just left some fellows who are."

The good old days were when the police didn't hide at the side of a busy road, but took their chances in traffic like everyone else.

That's all! Time to take our pills, swallow more juice, take the heating pad off the floor, go to bed and hope that tomorrow we will feel at least half human. We leave you with this little poem.

True Riches

Some have much, and some have more,
Some are rich, and some are poor,
Some have little, and some have less,
Some have not a cent to bless
Their empty pockets, yet possess
True riches in true happiness.

—Mrs. Warped Woof

SPORTS

WITH BOB BEENEY

"WANTED — Some interested parents to transport the players in the Minden Minor Hockey Association." A strange sentence to start a column perhaps, but the need for more parents to take an interest in their own children is necessary, if the association is to function properly. Last week one of the team's coaches asked all the youngsters after a game if they thought any of their parents would be interested in transporting them to a game later in the week. Some of the answers were quite absurd and every youngster said their father didn't have time. One child mentioned his father doesn't go out very much at nights. Remember, this in every case was only the youngster's opinion as to whether his father would help out if he were called on to do so.

But just a reminder now to the parents; if you aren't interested in the early growth of your child both mentally and physically why should others be? The majority of the persons connected with the Minden Minor Hockey Association do not even have children of age to play in the different leagues and some of the men do not have any other connection such as relations playing hockey, but are interested only in the children's welfare and giving each youngster in the area a chance to play a competitive sport. So fathers, let's get behind your children and volunteer once in awhile and help the coaches take care of your children.

While on minor hockey we should mention briefly the trip last Saturday to Gravenhurst. About sixty kids were taken by bus to play a series of games, but unfortunately from a hockey standpoint the Minden teams didn't do too well. The midgets were the only team that won. Rotary hockey at the arena on Friday nights is in full swing and Harry Cowan, Claude Brown, Mike Jackson and Bill Payne have their hands full.

Activities at the Minden Curling Club are in full swing with both the men and the women playing games in the first part of the schedule. Some of the rinks have been heading out of town to take part in bonspiels but so far there hasn't been any 'spiels in Minden yet. The club will be playing host to teams from all over the province on the weekend of the Minden Winter Carnival. Curling was held up this year because of difficulties arising out of the installation of the artificial ice plant. Some of the parts were late in arriving and the brine to fill the pipes under the concrete floor was shipped only a few weeks ago. Once the brine was put into the pipes engineers allowed the club to put natural ice in and soon as the final parts of the artificial ice plant are hooked up the machinery can be turned on.

ADDITIONAL INFORMATION

- See the snow and ice sculpturing at the different homes in the town
- See the gigantic sculptured skier made from ice and snow at Burton's store in Carnarvon
- Information booth located next to Pritchard's Electric, open Friday night and all day Saturday and Sunday
- Pancakes, syrup, hot dogs and coffee served next to the information booth all day Saturday
- Carnival crests and toques available at stores throughout the town

These Department of Travel and Publicity photographs were taken at the Minden Winter Carnival in January, 1963. This year's carnival promises to be bigger and better than ever.

MOUNTAIN LAKE CENTRE

FOR OUTDOOR SPORTS

Mountain Lake is scheduled to be the outdoor centre for most Carnival sports with a bus leaving the information booth in front of the arena every half hour. Snow mobile and aeroplane rides will be part of the activities along with ski races, skating, ice fishing and snowshoe races.

LUTTERWORTH COUNCIL

HOLDS INAUGURAL MEETING

Lutterworth council held their inaugural meeting on Monday, Jan. 13 at the Lutterworth Central School with all councillors present and Reeve John Harrison taking the chair. Discussion centered around a new municipal building that had been proposed in 1963 but had met opposition from former Reeve Frank Bowron. Reeve Harrison, in speaking to the council strongly emphasized the need of the building and urged the council to take steps immediately in building it. Council agreed unanimously and have called a special meeting for Jan. 27 to discuss the project thoroughly.

The need of a bylaw enforcement officer was also discussed at the meeting and it is expected that steps will be taken to employ a person to enforce building and other bylaws of the township. Sanitation difficulties in the township were outlined and all councillors and the reeve agreed that the complete inspection of septic tanks and sanitation facilities are necessary. At the present time no inspection of the installation of sewage systems is done and council felt that due to pollution in some lakes steps must be taken immediately. One councillor told the Progress that he thought portions of the lakes should be tested during the summer to keep a check on the coli count.

MINDEN MIDGETS

DEFEATED BY

HALIBURTON 7-2

The Minden Midgets were soundly beaten by Haliburton on Jan. 17 by a score of 7-2. It was a clean game and Minden blew a chance to narrow the score when both Craig Morrison and Ron Cummings had breakaways but failed to score.

MONARCHS DEFEAT

OSHAWA 8-4

The Minden Monarchs overpowered an intermediate team from Oshawa 8-4 on Sat., Jan. 18 to give Mark Vasey, on his initial appearance as coach, a victory. The Monarchs showed better form than last year and played heads up hockey before 400 fans to start their series of exhibition games.

GIANT SNOW SKIER

TO BE BUILT

AT CARNARVON

In conjunction with the Minden Winter Carnival, scenic Highway 35 Association is building a giant snow skier made out of ice and snow. The figure will be approximately 20 feet high and will be situated at Carnarvon in front of Hal Burton's store.

WOMEN'S INSTITUTE

MEETS

At a recent Women's Institute meeting held in Minden Mrs. B. J. Walker presented a report to those in attendance on her impressions of 1963.

"Minden, for a small town, is going a head and we now have a new water system and I hope a proper sewage system next. We have many tourists visiting this country both winter and summer and it certainly helps the area. I can remember in years past that as soon as you got to the Haliburton-Victoria boundary you could not get through with a car in the winter but now the roads are so much better. We had a fine winter carnival and a beautiful carnival Queen. At Christmas the decorations were really outstanding and I don't know how the judges made their choice.

We have a new newspaper, The Progress, and it's just what we needed. A new county building is being planned for the Senior Citizens. The new water system is working and when the pipes were laid across the river it was strange

to see the water damned. Many people will have water now when the river is low and the weather is cold.

The new bowling alley in Minden is a very busy place and now we can do our shopping on bowling days. At our picnic we had a fine day and a good crowd with quite a few from other institutes. Mrs. Pogue had everything so nice for us. Our fall fair is bigger and better every year with a wonderful attendance and so many things to see. The fire on Christmas Eve could have been so much worse and how the firemen kept it to one building, I don't know. The I.G.A. had smoke damage and was flooded but the damage could have been more if our neighbouring firemen had not come to our rescue.

Our hospital is a busy place and I do not know how we managed without it for so long. We have two new life members and we all had a good and happy year.

Now our Chamber of Commerce has a beautiful new tartan; what will be next? It looks like a good year for 1964 — so let's all pitch in and do our best and make it the best year yet!"
